CANDIDATES MAKE FORMAL ANNOUNCEMENT FOR OFFICE

20 Years Ago

From The Comanche Chief, December 31, 1915

George Green Herbert Goodson, Comanche, one of Texas' most prominent lawyers died at a San Antonio hospital last Thursday. He was 58 years of age. Reared in East Texas, he studied law for two men who later were partners, Roberts and Coke. He practiced law at Hamilton before coming to Comanche in 1891. He later formed a partnership with Judge Lind. He was not only well versed in law but a gifted orator. He was always a student and was one of the best read men of his day. He only sought office once when he was elected a member of the Legislature from Hamilton County. He later formed a partnership with his son, Herbert, in which at the time of his death was one of the leading law firms of Texas.

Mrs. Aaron Little, the oldest daughter of Mr. and Mrs. Frank Little, died Thursday at her home near Mullin from injuries received when she was burned the day before while working around a wash pot.

Sam Switzer reports that there were given in Comanche County up to December 13th, 1914, as compared to 16,079 on the same date in 1914.

E. M. Houck, a Texan, has been sent to Europe on a secret mission by President Wilson. We do not know the qualifications of the Colonel, but we are proud that a Texan was chosen.

England taxes whiskey \$2.40 a gallon, the U. S. only \$1.10. The Pros want to raise the tax and the Antis to lower it. Why not put a tax on war munitions and take some of the profit from those who are getting rich at the expense of the soldiers in Europe?

Terracing, which has been attracting attention over the State, is being tried in Comanche County. Demonstrator Eaton has supervised the terracing on the farms of Messrs. Bragg, Hulsay and Morrison at Downing.

Priests from M. Coleman Adv. December 31, 1915—Sugar, 18 pounds for \$1.00; Extra Good Flour, \$1.50 per sack; the famous S. & P. Flour, \$1.65.

Twenty-eight years ago John L. Sullivan, the World Champion boxer, was awarded a belt by his admirers. It contained 350 cut diamonds and 14 pounds of gold. John took to drink and was knocked out in 1892 by Corbett. More drinks brought him to poverty and he pawned his famous belt to buy the necessities of life. He became almost an object of charity. A few years ago he renounced drink and staggered a comeback and this week he was able to redeem his diamond belt for \$5,306 cash. His comeback will be remembered longer even than his great fights.

Lee Anderson died Thursday of pneumonia.

Farrage Licensees: Rufus Orwell and Miss Lillian Nabers; D. O. Tunnell and Miss Levey Young; J. T. Underhill and Miss Clara Brasuell; F. L. Green and Miss Hattie Beckman; Lawrence Brown and Miss Bessie Harkins; O. E. Rippetoe and Miss Lucy L. George; J. M. Carver and Miss Madge L. Moore; Joe Frank and Miss Lena Browning.

"Happy New Year"

May you have happiness to keep you sweet;
 Enough trials to keep you strong;
 Enough sorrow to keep you human;
 Enough hope to make your heart sing;
 Enough labor to keep you from rust;
 Enough leisure to keep you broad;
 Enough Christianity to make you value the best;
 Enough of the love of Christ in your soul to make you glad to serve."

—author unknown.

LUKER SAYS NO SPECIAL SESSION

The following letter from Representative R. A. Luker, of Proctor, Texas, is self explanatory:

December 27, 1935.
 Honorable James V. Allred,
 Austin, Texas.

My Dear Governor:
 Replying to yours of the 24th, I quote in full the three questions contained in your letter.

"1. Do you think we should have another special session?"

2. If so when?

3. If we have a special session, do you believe we can actually pass proper revenue measures to finance the Old Age Pension?"

Answering the third question answers all three because if we can finance the "Old Age Pension", we should meet at once. If we cannot finance the "Old Age Pension", we should not meet at all.

Replying directly to the third question, will say I have no cross section of Senate opinion, but if House members are in the same state of mind as at the last special session, it would be impossible to pass revenue measures to adequately finance the "Old Age Pension Law" as we passed it. To do so, we must include provisions that would meet an executive veto. So then what?

I think the best thing to do is let the matter rest. The people of Texas will dispose of it at the summer elections.

I am taking the liberty of handing a copy of this letter to the newspapers of my District.

With highest regards and best personal wishes, I am

Yours truly,

R. A. Luker, Representative District 104, Proctor, Texas.

LEAP YEAR — by A. B. Chapin

BLANTON SEEN AS DICTATOR OF D. C. FUNDS

(From Washington Post)
 District officials are awaiting, apprehensively, developments in the House Appropriations Committee brought about by the assassination of Senator Huey P. Long.

The impending development is the expected presence of Representative Thomas L. Blanton (Democrat), of Texas, in the chair during District supply bill hearings at the approaching session of Congress. Representative Clarence Cannon (Democrat), of Missouri, had been expected to preside.

While replacement of Cannon by Blanton in 1937, providing both are re-elected and the Democrats maintain their majority, was expected because of a shifting of posts on the House Appropriations Committee, it has just been learned that the change may occur in January, 1936, rather than a year later.

The change is contingent upon whether Representative John N. Sandlin (Democrat), of Louisiana, finds time to carry on his campaign for the Senate seat left vacant by Long's death and at the same time preside as chairman of the House appropriations sub-committee on agriculture.

If, as now seems probable, Sandlin finds he hasn't time to conduct the agricultural hearings, Cannon will preside, as he is ranking member of the sub-committee. The latter then, in all probability, will surrender his chairmanship of the District sub-committee, leaving the post to the ranking majority member, Blanton.

Comment is being withheld pending Sandlin's decision, but District officials meanwhile are considering calling upon Cannon and urging him to retain the District sub-committee chairmanship whether or not he assumes the acting chairmanship of the Agriculture sub-committee.

Elevation of Blanton to the chairmanship of the District sub-committee would, in the opinion of the District heads, put an end to whatever slim chance the Capital might otherwise have of getting an increase in the Federal lump sum payment.

Not only has the Texan fought.

TWO MORE DAYS AFTER TODAY!

Saturday Night at 8 o'clock Closes
 The Big Event

When the old town clock strikes 8 o'clock Saturday night, the Comanche Chief Campaign will be brought to a close, the seals on the Ballot Box will be broken, and the judges will begin immediately their final count of the votes.

Because of the work that has been done in this campaign and because of the many enthusiastic workers who have lent their unceasing efforts toward making the event such an outstanding success, the winners will be provided for as follows:

First prize—A new 1936 Chevrolet Coach, worth \$785.00.

Second prize—\$200.00 in cash.

Third prize—\$100.00 in cash.

Fourth prize—\$50.00 in cash.

And all other active contestants will receive 10 per cent on all receipts turned in by them.

The Judges—

J. R. EANES

C. P. ST. CLAIR

ROBERT EATON

Thanks To Candidates and Friends

The Comanche Chief and the Campaign Department take this method of thanking each candidate in the campaign for their time and untiring efforts in making this drive the success that it is. We also wish to thank their many friends and ours, for such loyal support and interest as has been exhibited. We regret very much that it is impossible for us to award an automobile to every candidate; however, there are several nice cash prizes, and a guarantee of ten per cent commission to all other active non-prize winners.

The winner of the 1936 Chevrolet Coach may call for the car as soon as the decision of the judges has been announced. Checks covering all cash prizes and cash commissions will be available immediately also.

May the best candidate win!

Local P. O. Receipts For 1935 Increased

Postal receipts at the local office showed a 7 1-2 per cent increase for 1935 over that of 1934 according to Postmaster J. R. Eanes.

There was an increase every month with the exception of November.

Total receipts were slightly in excess of \$13,900.00.

The mess hall at Texas A. & M. College is the largest permanent mess hall in the world. Nine thousands meals are prepared and served daily to the student body.

There are over 160,000 miles of public highways in Texas.

Barber Shop Is In New Location

Doc McNutt has moved his barber shop to the West Side of the Square to the building formerly occupied by the Princess Ice Cream Shop.

Dan Bingham, who has been with Mr. McNutt for some time, will continue with him in the new location.

The famous Three-D brand of the Waggoner ranch was caused by a cowboy who bent the iron into three perfect "D's" but found that when put on a cow the letters were backwards.

Texas has three Bostons—New Boston, Boston, Old Boston, all within five miles of each other.

CHEVROLET COACH TO GRAND CAPITAL PRIZE

Climaxing nine weeks of work by candidates to secure new and old subscriptions to The Comanche Chief, the campaign for the Comanche Chief Master De Luxe Chevrolet Coach and cash prizes will end at 8 p. m. sharp at The Comanche Chief office Saturday, Jan. 4th.

After a short time has been allowed for the judges to count the votes and determine the standing of the candidates, the prizes will be awarded.

"Promises"

Many readers of The Chief have promised to help some candidate during the campaign, but up to now have not found it convenient to do so. Now is the time to fulfill that promise. All the contestants have worked hard and are counting on the subscriptions promised them. Not to get your subscription, will disappoint them and might deprive some one of an automobile or of one of the larger cash prizes. They are counting on you.

Hundreds of new subscribers have been added to the list during the campaign and most of the old subscribers have renewed. We want a paid up list by Saturday night. Look at the label on your paper and see if you are marked up to '36. If not, why not help one of the candidates?

It is the intention of those in charge of The Chief to make the 1936 Edition one of the best ever published during the sixty-three years of its history. This is a political year and every person in the county should take the paper for that reason alone. If there were not many other features.

The management of The Chief along with those who have promoted the campaign wish to thank the public for the many courtesies shown the contestants during the campaign.

All candidates have worked hard and deserve your support. You can help your favorite candidate most by giving them a long-time subscription. A five year subscription counts 60,000 votes as compared to 1000 for a one-year subscription.

Also \$1.00 paid on a delinquent subscription counts 21,000 votes as compared to 1,000 for a new subscription.

METHODIST CHURCH NEWS.

We wish to express our appreciation to each one who had a part in making our White Christmas a success. At this Christmas Season our church gave Miss Johnson a wheel chair, a robe, and sent some 20 baskets to needy families in our community.

This week we are organizing a new class for the young married men and their wives. This class will meet for their first time next Sunday morning. We would like for all the young men and their wives who belong to or prefer the Methodist to be with us and become a charter member of this class.

Next Sunday evening the senior group of young people will have charge of the devotional service at the seven o'clock hour. The pastor will speak from some subject of special interest to young people. You will enjoy the song service and special numbers given by this group next Sunday evening, so we are looking for you to be with us.

Next Sunday, being the first Sunday of the month, our Treasurer will read the financial statement for the church for the

month of December. If you have not paid your pledge in full for December, please get it to Miss Alice Hayes before Friday night that we may report our finances in full for the month.

Next Sunday will be our regular Communion Service; also the time we bring our payments on the building fund. Let's be there and make it a great service.

If you are of the Methodist Faith and not attending our services, you are losing something that can not be regained. Let's find our place in the church and start the New Year right by being in church next Sunday.

"The Church With A Friendly Heart and Hand."

—Chas. H. Cole, Minister.

FAMOUS "BUTS" in history

The day of Junior's party He came down with whooping cough. And there they had no telephone To call the party off. His father galloped twenty miles, All over town, in vain, To warn the youngsters not to come, And then he went insane.

NOTE: This was a very sad case of unnecessary anxiety. Junior's father could have called all of the thirty mothers in twenty minutes if he had had a telephone. As it was he spent hours on the job, worrying all the time about things he should have been doing at the office.

The Eyes of the Nation Are Turned Toward Texas

Three hundred Texans, battling against a thousand Mexican regulars, fought their way, inch by inch, for four days (Dec. 5 to Dec. 9, 1835), into San Antonio. The gallant Ben Milam was killed, but the victory was complete.

Let's Hold "Open House" and Invite the World in 1936

Texans have a right to be proud of the heritage of heroic tradition which is theirs. And they justly take pride also in the record of progress which Texas has made since its independence was established on the battlefield.

The events of the Texas Revolution stirred the hearts of all Americans a hundred years ago. Today the whole nation is turning its eyes toward Texas because of the remarkable growth it has been achieving.

The one hundredth anniversary of the birth of Texas independence provides a fitting occasion to invite the world to visit us and see what we have done with our freedom and to behold the immense resources which still remain to be developed.

The Centennial Exposition will leave many permanent and worth-while monuments. The roads which will be laid to conduct our visitors over the State will endure for years to come. The buildings and grounds themselves will doubtless remain as public parks and community centers. And the visions of Texas' splendid future will bring us a rich heritage of men and women moving here to become adopted Texans in a State of so heroic a past and so glorious a future.

OSCAR J. REA DIES DEC. 26TH

Oscar J. Rea, brother of Mrs. J. P. Hoff, and for a short time manager of the Comanche Milling Company following the death of J. P. Hoff, died at his home at Clifton last Thursday, Dec. 26th.

The following account of his death is from The Clifton Record:

Oscar J. Rea, a long-time and highly respected citizen of Clifton, died suddenly at his home in this city about four o'clock Thursday morning; becoming ill with one of his coughing attacks which had caused him much annoyance for some years. Mrs. Rea worked with him alone as she had been accustomed to doing when he was taken with such attacks, thinking he would soon be all right, but she soon saw that it was an unusual spell and awakened the two daughters then at home, Misses Lois and Ann, who called the doctor and other assistance, but death was near and he lived only a short while after the doctor arrived.

The bereaved wife and five children, four daughters and one son, survive. Only one child, Miss Bernie, was absent from home Christmas Day, she being in Florida. At about three-thirty in the afternoon before the death of Mr. Rea early the next morning, the son, Oscar J., and a daughter, Miss Dorothy, left home to return to Houston, believing their father was feeling better than usual.

Deceased was born October 29, 1867 in Wisconsin; his parents were Mr. and Mrs. Knut Rea, natives of Norway. He had made

his home in Clifton for more than forty years, and was for many years one of Clifton's leading business men, until forced to retire a few years ago because of failing health.

Funeral services were held at the Clifton Presbyterian Church Friday afternoon, December 27, conducted by his pastor, Rev. Andrew Byers, and interment made in the Clifton Cemetery.

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lafa, Ark., writes: "My husband and I both take Theodor's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tabs the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

CITY BAKERY

To those whose backs were sore with endless toil! To those whose days were fore-shortened by smudgy, eye-killing lamps! To those who were far removed from the conveniences of the "city!" To those "nine o'clock" Texas towns whose curfews were enforced . . . and their safety endangered . . . by their inability to have street lights:

To these . . . "Those Who Need It Most" . . . the Texas Power & Light Company dedicated its services . . . 22 years ago!

Today this company serves 197 Texas communities that never had electric service until our transmission lines were extended to serve them. They needed it most!

This chart shows that electricity is cheaper to our customers today . . . in spite of the fact that the cost of living is rising sharply. This Company will make it still cheaper . . . voluntarily . . . just as rapidly as good business will permit further reductions.

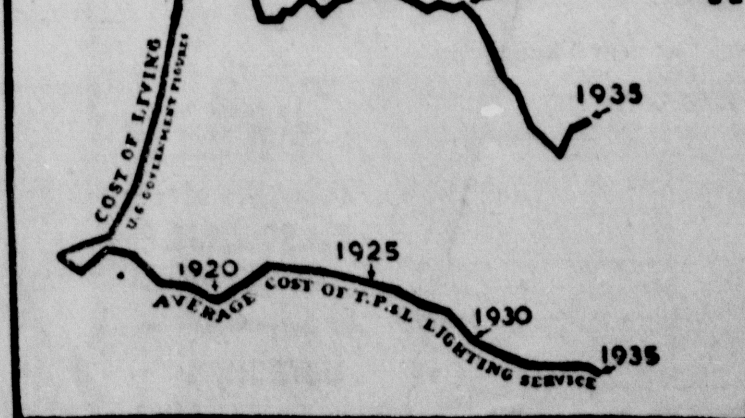

MORE than 2,000 farms enjoy electric service from our transmission lines. As a further evidence that our service is extended "To Those Who Need It Most" is the fact that 230 of those Texas communities which we serve have less than 1,000 population.

Serving these communities (and nearly a hundred larger ones) with the very best electric service required the investment of large sums of money. This Company made these investments in order to bring the service "To Those Who Need It Most," at a time when it would serve them best.

Our domestic lighting rates have been reduced . . . voluntarily . . . more than 35% during the past ten years.

Townsend Speaking Is Set For Monday

Jos. B. Worthington, of Fort Worth, Organizer of the 17th Townsend Club District of Texas, will address the Comanche Townsend Club at 2 p. m. Monday according to an announcement.

The following notice concerning the regular Townsend meeting is by L. H. Creamer, County Chairman of the club.

"To the Townsend people and everybody else, this will remind you of the regular meeting of the County Townsend Clubs. In our opinion this should be a very important meeting as it is the beginning of 1936 and there will be a tremendous lot to consider and do this year, from the fact that we have got to get the number of every candidate in the United States for Congress, for the Senate and for President. We think it is clearly demonstrated that a great majority of the present Congress and Senate have ignored our plan.

"It is possible, however, if we exert sufficient effort to get a majority of Congress and the Senate to adopt the Townsend plan, but at the same time we feel it will take 2-3 majority in both houses from the fact that we are sure that Roosevelt will veto the bill unless we do have the 2-3 majority.

"The first Monday in each month is our regular meeting date and we are making a strong effort to have a noted speaker but in the event we fail, we will just have round table talks and discuss the plan, so don't forget the date, Monday, the 6th, 1936 at 2 p. m. at the court house."

He was recommended for the task, which he finished in 1931, by the U. S. Department of State.

A TWO MINUTE SERMON

(By William J. Hazel, Pastor of the local Presbyterian Church)

The trash wagon has passed by this week and picked up the debris from the Christmas season. It is piled high with junk, Christmas wrappings, pieces of pretty paper, boxes, ribbons and various things that are now fit only for the trash heap to be burned. The tangible things of yesterday now being carted away by the trash man. As I watched that trash wagon pass down the alley I thought of life, and the past year, and I wondered how much trash, we, as we stand on the threshold of a New Year, are going to cart over into 1936 with us to clutter up our vision and to lower our estimate of the worthwhile values. How much of yesterday has been just trash in our lives and not worth carrying over into the new and clean unspotted pages of the New Year?

If we are honest with ourselves we must admit that there has been a great deal of trash in our lives. We have carried it along thinking that it was the real thing. Some of us carry trash so long that we never realize that it isn't the real thing. So at this threshold of the New Year, why not take stock of life and discard some of the ship worn and worthless trash we have been carrying? Why not take inventory of ourselves and evaluate ourselves, and let the things that are below par in our lives find their way into the trash wagon to be burned. Let's take the new page of life that our Maker has given us and with new hope and new determination cast out the trash and keep the new page as unspotted as possible this year of 1936. Let me quote a short poem that I picked up somewhere.

He came to my desk
with quivering lips
The Lesson was done.
Have you a new leaf for me
dear teacher?
I have spoiled this one.

I took his leaf;
all spoiled and blotted,
And gave him a new one
all unspotted.
Do better now—my child.

I went to the throne
with trembling heart.
The year was done.

Have you a New Year for me
Dear Master?
I have spoiled this one.
He took my year,
all spoiled and blotted,
And gave me a new one
all unspotted.

Then into my tired heart
He smiled
Do better now—my child.

Texas Smiles Go with the Texas Seal

William A. Webb, manager of the Texas Centennial Exposition, receives a plaque of the Exposition's official seal from Eileen Gorrisen, left, and Bess Harris, Centennial hostesses, with the compliments of its designer, the noted artist, Juan Larrianga.

Races for Texas Fair

Dallas, Texas.—Beginning September 28, a horse racing meet will be held on the World's Fair track of the Texas Centennial Exposition under auspices of the State Fair of Texas.

Texas Wild Flowers

Dallas, Texas.—More than 500 species of wild flowers are to be found in Texas according to scientists. All of them will be displayed at the Texas Centennial Exposition next year.

It's Not Too Cold in Dallas

It may be snowing in the East, freezing in the Midwest and a blizzard may be coming out of the Northwest, but in Dallas, where the Texas Centennial Exposition will be held next year from June to December it wasn't too cold for Mary Ellen Logan to try the waters of White Rock Lake. With her is Carolyn Durham, chief of the Exposition's Rangerettes, a corps of 50 hostesses.

Speedboat, sailboat and outdoor motor races will be held on White Rock, just outside of Dallas, next July and August as part of the Exposition's elaborate sports program.

She Tells Them How to Park

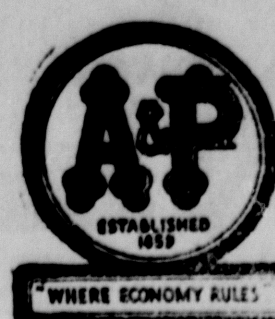

Dallas, site of the Texas Centennial Exposition next year, has installed parking meters on its main downtown streets. For a nickel in the slot, motorists may leave their cars beside the meter for periods from 20 minutes to one hour, according to the time marked on each meter. An additional nickel extends the period.

Clarice Moellenkamp, of the Ex-

position Rangerettes, is shown above as she tours the streets, the Exposition's ambassador of goodwill, to explain to out-of-town motorists just how the meters work.

A meter, indicated by the arrow, can be seen directly behind the horse, which, incidentally, is Texas, famous "yellow pony" owned by Captain Leonard Pack, head of the Exposition's Texas Ranger squad.

Absolute Fairness

In order to maintain the strictest secrecy as to the number of subscriptions turned in by each individual candidate during the last few days of the race, the contest is being brought to a close in a sealed ballot box.

No subscriptions whatever are being accepted through the campaign department this week, but instead, final collections are being placed in the box—locked and sealed—located in The Comanche Chief office. By so doing, no one, not even the campaign manager, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed the ballot box is now placed where it will remain until the closing hour of the contest—8 o'clock Saturday night, January 4.

Most Successful Campaign

When the final hour arrives the count will be declared closed. The Judges will then break the seals, unlock the box, and immediately thereafter the last count will be started.

Each of the leading candidates has turned in hundreds of subscriptions, and the enthusiasm of the candidates has been augmented by the hearty response the people have made to their solicitations.

The final week will give the total volume of the campaign a big boost. Each contestant is devoting every minute to getting in as many votes as possible before the closing hour. Enthusiastic boosting on the part of friends is proving an important factor in the race. Awarding the prizes will be the greatest event of its kind in the history of this section, and interest bordering on excitement will prevail from now until the closing hour—next Saturday night, January 4, at 8:00 o'clock.

Cattle Production Here Shows Increase

The number of cattle in Comanche County, Texas, increased 6,524 head between April 1, 1930 and January 1, 1935, according to preliminary figures from the 1935 Federal Farm Census released today by William L. Austin, Director, Bureau of Commerce. The acreage of hay in 1929 was 36,780 as compared with 41,127 acres in 1934, an increase of 4,347 acres.

Cattle on farms and ranches in Comanche County numbered 29,239 on January 1, 1935. Of this number 16,251 were cows, an increase of 29 percent during the five-year period. Sheep numbers were practically the same on both dates while hogs declined 15 percent, horses, 10 percent, and mules, 22 percent.

Although the combined acreage of hay and sorghums for forage was 4,347 acres more in 1934 than in 1929, the production was about 5,000 tons less, being only 12,248 tons in 1934. Owing to the dry season in 1934 crop production was considerably less than in 1929.

The acreage of corn was approximately 10,000 less in 1934 than in 1929, with the production of corn for grain less than half. Wheat threshed from 7,161 acres, although slightly higher in acreage in 1929, produced about 12,000 bushels less. Oats were threshed from 17,744 acres, or 3,868 less than in 1929, but produced almost 14,000 bushels more grain. Grain sorghums, from approximately the same acreage as in 1929, produced about 37,000 bushels less.

Preliminary figures, which give selected items only and are subject to revision, for other counties and the State may be secured, without charge, from the Bureau of the Census, Department of Commerce, Washington, D. C.

SIDNEY F. F. A. NEWS

The Sidney Vocational Agriculture classes have been very busy during the six-weeks period just ended. They have been working on the supervised practice jobs of terracing, dehorning, and culling. The three classes, under the supervision of J. B. Cooper, instructor, have run terrace lines on eight farms with a total of 11,619 yards; dehorned 50 head of cattle, and have culled 300 hens.

The second and third year classes have been studying raising a living at home, and have reached the conclusion that if farmers would raise their living at home, the depression would have a more difficult time of existing.

EXTRA "LIFT" IN H-C means 1 to 3 more miles per gallon... say Sinclair Dealers

1 GALLON COULD LIFT A TEN-TON STEGOSAURUS 1 MILE

WHAT you want in a gasoline is power. And extra power gives you extra speed—quicker pick-ups and more miles per gallon.

The engineer's measurement of power is in terms of lifting. In engineering terms, a single gallon of H-C has the potential energy to lift 99 million pounds one foot. In this picture of power you can see at a glance what "99 million foot-

pounds per gallon" could do. What does this mean for your car? In automobile road tests Sinclair H-C gave 15% to 20% more smooth power and from 1 to 3 more miles per gallon.

Just ask your nearby Sinclair dealer. He'll tell of the extra "lift"—extra mileage that's yours with Sinclair H-C Gasoline.

Margaret Stewart Is Badly Burned

Margaret Stewart, five-year-old daughter of Mr. and Mrs. W. H. Stewart of Tyler, and granddaughter of Judge and Mrs. H. L. Stewart of Comanche, was badly burned on Christmas Day here at the home of her grandparents while playing "dress-up."

A long dress which the child was wearing caught on fire from the bath room stove and she was almost enveloped with flames when her five-year-old cousin, Betty Stewart, discovered her plight.

Her father and uncle, Carl Stewart, were painfully burned about the hands while extinguishing the flames.

She is still at the home of her grandparents.

MORE ABOUT Blanton Seene
(Continued From First Page)

every attempt during the last two years to raise the Federal payment above \$5,700,000, but he went so far last session to propose that the United States refrain from paying any share of the cost of maintaining the National Capital.

Moreover, he annually yields the big stick over District officials in committee hearings in matters that have only an indirect connection with appropriations, such as the disapproval of meter taxicab operation, and he takes the lead in slashing departmental estimates, while simultaneously threatening to cut salaries of sub-executives.

The District Commissioners this year are again asking for a Federal contribution of \$8,317,500 in a \$47,482,760 budget for the fiscal year 1937. While the Budget Bureau heretofore trimmed the estimate on the United States payment to the previous year's appropriation, the Commissioners are clinging to the hope President Roosevelt will intervene this year in behalf of a larger Federal appropriation.

The District budget will not be submitted until Congress convenes, and hearings probably will not get under way before the latter part of January or the first of February.
